

WAHIAWĀ-WHITMORE VILLAGE NEIGHBORHOOD BOARD NO. 26

NEIGHBORHOOD COMMISSION • 925 DILLINGHAM BOULEVARD, SUITE 160 • HONOLULU, HAWAII, 96817
PHONE (808) 768-3710 • FAX (808) 768-3711 • INTERNET <http://www.honolulu.gov/nco>

REGULAR MEETING MINUTES MONDAY, SEPTEMBER 21, 2020 KAPALAMA HALE SUITE 153

PLEDGE OF ALLEGIANCE: 6:58 p.m.

CALL TO ORDER: Chair Ishikawa called the meeting to order at 7:00 p.m. **Quorum was not established with three (3) members present.** Note: This nine (9) member Board requires five (5) members to establish a quorum and to take official Board action.

Board Members Present: Jeanne Ishikawa, Sylvia Manley-Koch (Via Webex), Lei Learmont, Erin Mendelson (Arrived at 7:09 p.m. Via Webex), Michele Umaki (Arrived at 7:19 p.m. Via Webex), Rachael Loebig (Arrived at 7:19 p.m. Via Webex), Donald Aweau (Arrived at 7:19 p.m. Via Webex), Dean Harvest (Arrived at 7:22 p.m.) and Robert Lormand (Arrived at 7:30 p.m. Via Webex).

Board Members Absent: None.

Guests: Stefanie Gutierrez, Rhonda Suzuki, and Allen Wolfe (Army); Victor Flint (Navy); Tiari Ventura (Resident); Christopher Naylor (Neighborhood Commission Office). **(Name was not included if not legible on the guest attendance sheet.)**

FIRST RESPONDERS MONTHLY REPORTS

Honolulu Fire Department (HFD) – No representative was present; an electronic report was submitted to the Board.

- August 2020 Statistics: There were 12 wildland/brush fires, 1 cooking fire, 7 activated alarms (no fire), 78 medical emergencies, 1 motor vehicle collision with a pedestrian, 5 motor vehicle crashes/collisions, and 1 mountain rescue, 2 hazardous materials incidents.
- Monthly Safety Tip: The Honolulu Fire Department (HFD) is here to assist people in their time of need. In order to help us provide the best possible service during social distancing, the HFD offers the following to prevent or slow the 2019 Novel Coronavirus spread:
 - Provide pertinent and accurate information when calling 911.
 - Ensure the location address is visible to our responding personnel.
 - Have someone signal the responding company(ies) when they are approaching the location when possible.
 - Keep a safe distance from the HFD responders (minimum six feet) and always wear your facial covering to provide an extra safety layer for responders and others, such as family members, who are in the immediate area.
 - Have family members and/or friends who are not providing information to first responders remain away to allow the responders the space to address the emergency.
 - Follow the Centers for Disease Control and Prevention guidelines.

Honolulu Police Department (HPD) – No representative was present; no electronic report was submitted to the Board.

MONTHLY REPORTS

Board of Water Supply (BWS) – No representative was present; an electronic report was submitted to the Board.

- Imagine a Day Without Water- Wednesday, October 21, 2020: The Board of Water Supply (BWS) is partnering with various city and state agencies to encourage Oahu residents to Imagine A Day Without Water on Wednesday, October 21, 2020. This includes the Departments of Environmental Services (ENV), Facility Maintenance Storm Water Quality, and the Office of Climate Change, Sustainability and Resiliency (OCCSR). In addition, the State of Hawaii's Department of Land and Natural Resource Commission on Water Resource Management, Division of Forestry and Wildlife, Department of Health's Safe Drinking

Water Branch, College of Tropical Agriculture and Human Resources and Kauai and Maui county water departments are participating in this one-day national observance aimed at raising awareness about the value of water and the crucial need to invest in our water infrastructure. Water continues to play an especially critical role in our community by protecting public health, safeguarding the environment, and making a healthy economy possible, as demonstrated by the current coronavirus pandemic. On Wednesday, October 21, 2020, we invite you to join us on Facebook and Instagram to learn how the BWS provides a safe, dependable, and affordable water supply to Oahu residents. If you have any water questions for the BWS and ENV, please email them by Wednesday, September 30, 2020 to contactus@hbws.org. They will be featured on the respective agency's Facebook page on the day of the event.

- Wahiawa WSI, Part 1A Update: The contractor for the water system improvement project in Wahiawa is installing new water main along Olive Avenue from Cypress Avenue to Kamehameha Highway, Koele Way, and Milikana Place. Working hours are Monday to Friday, 7:30 a.m. to 3:30 p.m., weather permitting, except for observed state holidays. Motorists are advised to drive with care when traveling near the work areas and to consider using alternate routes where possible. Residents with questions or concerns may call the BWS Construction Branch at 748-5730.

United States Army – No representative was present; no report was given.

United States Navy – Victor Flint was present; report was given later in the meeting.

WHITMORE COMMUNITY ASSOCIATION – No representative was present; no report was given.

PRESENTATION: WAHIAWA LIONS CLUB'S VETERANS DAY "MAHALO VETERANS" SIGN WAVING EVENT ON NOVEMBER 11, 2020: No representative was present; report was given later in the meeting.

Mendelson joined the meeting at 7:09 p.m.; four (4) Board members were present. Quorum was not established.

PRESENTATION: U.S. ARMY'S KU TREE DAM ENVIRONMENTAL ASSESSMENT AND DRAFT FINDING OF NO SIGNIFICANT IMPACT: The Army is proposing to restore the stream's natural movement and demolish the dam spillway in the interest of safety. Rhonda Suzuki and Allen Wolfe conducted the presentation:

- Project Update: Suzuki noted that the project's planning stage is almost complete and stated that the completion of the Environmental Impact Study (EIS) will allow them to complete the project's planning stage.
- Ku Dam History: Suzuki noted that the earthen dam was built in 1925 and was meant to provide drinking water to Schofield Barracks. Gutiérrez noted that the dam was used for golf course irrigation from the 1940s until the 1970s and stated that the dam was completely drawn down and emptied by 1983.
- Current Situation: Suzuki noted that the water flow from the Ko'olau Mountains is currently being diverted to a lower streambed through their water gates and tunnel system. Suzuki noted that the dam is old, deteriorated, is a safety hazard, and has a high risk of being blocked by debris. The representative noted the Army's intent to protect lives by reducing the risk of potential dam failure or flooding downstream.
- Options Considered: Suzuki noted that the Army's preferred option would be to demolish the spillway and excavate approximately 500 foot long natural channel to replace the dam. noted that there were also options to create a notch so that water could flow through its original path or to remove all supporting structures from the region and return it to pre-dam condition. There was also a plan to leave the dam as is, without any changes. Suzuki noted that the preferred option would excavate approximately 75 feet to match the elevation of the existing streambed, demolish the tower and other structures, plug and close off the water tunnels, and the implementation of best practices for erosion control. These best practices would entail sloping channel walls and benching walls every 20 feet, and emplacing turf reinforcement mats at up and down-stream ends of the new natural channel, while allowing for plant growth.
- Project Benefits: The project would permanently remove threats of dam failure and associated safety hazards. The project would also restore the stream's natural hydrology (movement), aquatic and adjacent habitat, and assist with the transport of sediments and nutrients downstream. The project would also re-water or reconnect the streambed below the spillway.
- Moving Forward: Suzuki noted that they will continue to have community involvement in the project and complete their environmental review process. The Ku Tree Dam Environmental Assessment and Draft

Finding of No Significant Impact can be found online at <https://home.army.mil/hawaii/index.php/kutreedam>. The commenting period for this assessment ends on Tuesday, September 22, 2020.

- Contact Information: Please contact the U.S. Army Garrison Hawaii Public Affairs Office at usarmy.hawaii.pao@mail.mil or by phone at 656-3160 or 656-3155.

Aweau, Loebig, and Umaki joined the meeting at 7:19 p.m.; seven (7) members were present. Quorum was established.

Questions, comments, and concerns followed:

1. Appreciation: Chair Ishikawa thanked the U.S. Army for their presentation and project.
2. Project Details: Chair Ishikawa asked and Suzuki noted that the stream will be rerouted through the tunnel and not through the original stream route. Chair Ishikawa asked if there will be any clearing of the surrounding area completed and Suzuki noted the plans to plant erosion resistant plants surrounding the project. Chair Ishikawa asked and Wolfe noted that the top of the dam is 80 feet tall. Wolfe stated that there will be roughly 70 feet cleared by the project before the stabilization and relief processes begin. Learmont asked about the removal of other structures from the region and Wolfe noted that the foot bridges and dam towers would be removed from the region. Chair Ishikawa asked and Wolfe noted that Native Hawaiian plants will be used for the project. Chair Ishikawa asked and Suzuki noted that they have requested funds for October 2021 but are attempting to begin earlier. Chair Ishikawa asked and Suzuki noted an approximate 25 million dollar cost for the project. A resident asked and Chair Ishikawa noted that this project is on Army land.

Harvest joined the meeting at 7:22 p.m.; eight (8) members were present.

3. Project Runoff: Chair Ishikawa asked and Gutiérrez noted that there may not be excessive runoff from the dam due to a low annual rainfall level. Harvest asked and Suzuki noted that currently the water from the waterway is not used and flows into Wilson Lake. Chair Ishikawa asked and Wolfe noted that water flow will be retained through the region with a water tunnel.
4. Environmental Effects: Chair Ishikawa asked about the environmental effects of leaving preexisting concrete from the project and Wolfe noted that the concrete would be reused for rerouting the waterway or as fill below the new structure.

Lormand joined the meeting at 7:30 p.m.; nine (9) members were present.

5. Land Use: Harvest asked and Suzuki noted that the land surrounding the project is currently used for training.
6. Homeless: Chair Ishikawa asked and Wolfe noted that there is a homeless encampment near the project but stated that their project will not affect them.
7. History: Harvest inquired whether the location of the Ku Tree Dam is where the old trestles were located, and Suzuki confirmed. Chair Ishikawa noted this area was part of the reason the Wahiawa Swimming Pool was built. Her father served in the 442nd RCT, and upon his return from WWII, kept a promise made to the community, to do something for the community. He lead the effort to build the Wahiawa War Memorial Pool to not only honor and remember the 21 "boys" from Wahiawa who were killed in action in WWII, but also to provide the children and the community with a safe place to swim. Several children died or were hurt while playing by the trestles in the river. When the pool was built, it was transferred to the City and County of Honolulu and became the city's first municipal swimming pool on Oahu.

Hearing no objections, Chair Ishikawa returned to Agenda Item: WAHIAWA LIONS CLUB'S VETERANS DAY "MAHALO VETERANS" SIGN WAVING EVENT ON NOVEMBER 11, 2020.

PRESENTATION: WAHIAWA LIONS CLUB'S VETERANS DAY "MAHALO VETERANS" SIGN WAVING EVENT ON NOVEMBER 11, 2020: Ahlo gave the following report:

- Veteran's Day Parade: Ahlo noted that the Wahiawa Lions Club will need to cancel their 74th Annual Veteran's Day Parade due to COVID-19. Ahlo stated that the Wahiawa Lions Club will host a "Mahalo Veterans" sign waving event to celebrate our veterans. Ahlo noted that they will social distance their sign wavers between Wilson Bridge and Kilani Avenue. Ahlo noted that there will be a five (5) person limit per organization or company. Ahlo noted that the event will be held on Wednesday, November 11, 2020 from 10:00 a.m. until 11:00 a.m. Ahlo noted that there will be a \$12 bento fundraiser for the U.S. veterans. Please visit www.ourwahiawa.com/ for event registration.

Questions, comments, and concerns followed: Appreciation: Aweau thanked the Wahiawa Lions Club for their efforts within the community.

ELECTED OFFICIALS

Mayor Kirk Caldwell's Representative – No representative was present; an electronic report was submitted to Chair Ishikawa that stated the following:

- Follow-up on Concerns:
 - Flashing Lights on the Crosswalk on California Avenue: The Department of Transportation Services (DTS) requested a specific intersection for the crosswalk along California Avenue.
 - Flashing Lights on the Crosswalk Pilot Project Results: The DTS has completed their investigation regarding pedestrian-activated flashing lights. The following information is provided in the sequence requested:
 - North King Street at Morris Lane: The DTS utilized solar powered in-road pedestrian-activated flashing lights at this location. This type of flashing lights were found to be ineffective in controlling the crossing and are cost prohibitive. The flashing light became inoperable within the first year of operation. As such, the lights were removed during the recent repaving of North King Street.
 - South King Street between Pawaa Lane and Hauoli Street: The DTS utilized overhead pedestrian-activated flashing lights to control this crossing. The overhead flashing lights were deemed to be more effective at controlling pedestrian crossings, and DTS is currently evaluating various types of overhead pedestrian-activated signals. However, the evaluation has not been completed.

Councilmember Heidi Tsuneyoshi – No representative was present; no report was given.

Governor David Ige's Representative – No representative was present; The September edition of the Capitol Connection was provided to Chair Ishikawa (<https://governor.hawaii.gov/wp-content/uploads/2020/08/FINAL-SEPT-2020-Capitol-Connection.pdf>) and highlights the following information about COVID-19:

- This is a critical time in Hawai'i's fight against COVID-19, and we need everyone's help; we're not pau yet.
- The state is supporting the city's surge testing, and residents are encouraged to take advantage of this opportunity.
 - This test is free (no insurance needed), is self-administered and does not require a physician referral.
 - Advanced registration is recommended at www.doineedacovid19test.com.
 - People who take this surge test are NOT required to isolate or quarantine until the results are received. The estimated timeframe for receiving results is 2-3 days, although it might be longer because the swab samples are sent to the mainland.
 - Anyone who suspects they may have had close contact with a COVID-19 positive patient (within six feet for 15 minutes or longer) or is exhibiting symptoms themselves should contact their medical provider to determine next steps, including what type of test to take and the need to quarantine. The surge test might not be appropriate in these circumstances.
- The Department of Health (DOH) is ramping up its corps of 'disease detectives' to accelerate and expand the disease containment capacity.
- Read the stories of people recovering from COVID-19 and watch the first ad of the Hawai'i Department of Health's "Live With No Regrets" campaign that highlights patients and their families who share personal stories of how getting COVID-19 impacted their lives.
- Governor's Website: If there are any comments, questions, or concerns, please submit those to the Governor via his website at www.governor.hawaii.gov.

Senator Donovan Dela Cruz – No representative was present; an electronic report was submitted to Chair Ishikawa that stated the following:

- Capital Improvement Projects (CIPs): \$76 million for the Wahiawa Civic Center Complex, \$13.4 million to repave Kamehameha Highway and Whitmore Avenue, \$799,000 for pedestrian improvements on Whitmore Avenue, \$9 million to improve the Wahiawa Wastewater Treatment Plant, \$1.5 million to improve Wahiawa Freshwater Park, \$2.77 million to improve Wahiawa Elementary School, \$2.5 million to repave Makai Road at Leilehua High School, and \$5.3 million to renovate the Hugh Yoshida Stadium.

- Contact Tracing and Surge Testing: Following weeks of alarming increases of COVID-19 cases, Hawaii is finally seeing a decrease in daily positive counts. It is a relief to see an increase in both contract tracing and mass testing efforts after months of requests and recommendations. Last week, the Senate Special Committee on COVID-19 and I visited the Hawaii Convention Center to hear from Incident Commander Major General Kenneth Hara. The Hawaii Emergency Management Agency and the Hawaii National Guard activated the COVID Investigations Operations Center for contact tracers to follow up with individuals who have been identified as being COVID positive. The plan is to train and add at least 50 new contact tracers every two weeks. In addition, earlier this week, the Committee and I were invited to speak to the COVID-19 surge testing staff and volunteers and review the Incident Commander's Action Plan at the Blaisdell Center for the 5 surge-testing sites. I also visited the Wahiawa testing site to see the plan in action. It's heartening to see leadership from the Honolulu Fire Department, HPD, National Guard, DEM, HES, local health workers, ARFF, and more as they assist in the surge testing efforts. Our committee will continue to work with them so we can navigate through this pandemic.
- Rent Relief and Housing Assistance Program When the Legislature returned in August from recess, we focused on providing financial relief for residents. Many had already exhausted their stimulus checks, and the additional \$600 per week benefit from the Pandemic Unemployment Emergency Compensation was coming to an end, and many tenants were at risk of eviction. Ensuring renters have a place to stay and preventing more houselessness were our primary concerns. Passing Act 9, the Legislature included \$100 million for housing and rental assistance. The purpose of the State of Hawaii's Rent Relief and Housing Assistance Program is to assist renters who have experienced or are facing a reduction in income because of the disruption caused by the COVID-19 pandemic and are at risk of eviction. For eligible renters: Monthly rent payments of up to \$2,000 per household residing in the City and County of Honolulu. Any applicable financial counseling and assistance with rent payment plans or rent negotiation Applications for assistance are currently being accepted for rent payments due between Saturday, August 1, 2020 and Monday, December 28, 2020. The Rent Relief and Housing Assistance Program will end on Monday, December 28, 2020. For more information, please visit <https://www.hihousinghelp.com>.
- Lost Wage Assistance: The Lost Wage Assistance (LWA) is a federal program that adds \$300 of unemployment benefits for up to 5 weeks. To be eligible for LWA benefits, you must be the following requirements: your weekly benefit amount (WBA) must be at least \$100; you must certify that your unemployment or partial unemployment (had hours reduced) was due to disruptions caused by COVID-19; and otherwise qualify for benefits. The Department of Labor and Industrial Relations will start processing payments for this new program in October. The payments will be staggered for each week you are eligible. Payments will be retroactive for all the weeks for which you are eligible. If you are a **regular UI/PEUC claimant**, beginning Saturday, September 12, 2020, you can certify that your unemployment or partial unemployment was due to a disruption caused by COVID-19 by logging into your HUIClaims account at <https://huiclaims.hawaii.gov/#/> and answering the question about asking if your unemployment or partial unemployment was due to a disruption caused by COVID-19. If you are a **PUA claimant**, you have already certified that your unemployment or partial unemployment was due to a disruption caused by COVID-19. You will receive the additional \$300 for the weeks that you qualify for, even if you already submitted your claim certifications for the weeks in August. For more information, please visit <http://labor.hawaii.gov/ui/main/faq-lost-wages-assistance-lwa/>.

House Representative Amy Perruso – Representative Perruso was not present; the following report was given:

- Passing of Ruth Bader Ginsburg: Last week, our nation lost one of its greatest judicial leaders, Ruth Bader Ginsburg. While we mourn her passing, we can find solace in the fact that her legacy will live on for generations. Justice Ginsburg dedicated her life to preserving equality, liberty, and justice for all. She was a steadfast supporter of gender justice and a champion of marginalized voices, fighting to ensure that our nation's highest court reflected and respected the most vulnerable among us. Her loss leaves a huge hole in the United States legal system. I'm proud to tell you that HB 2054 was signed into law, preventing businesses from forcing their employees to sign nondisclosure agreements about sexual harassment and assault. Now, survivors can come forward without fearing that sharing their stories will cost them their paychecks. We have a long way to go before we're back on level ground, but I believe that we can achieve stability if we work together, no matter what odds we face. As Justice Ginsburg said, "Real change, enduring change, happens one step at a time."
- Title 1 Schools: Representative Perruso noted that all of Hawai'i's schools are Title 1 schools and receive federal funding for many of their programs. Representative Perruso noted that residents need to apply for these programs at <http://exmealapp.com/> to ensure that Hawai'i schools do not lose additional funding for upcoming fiscal cycles.

- Agribusiness Development Corporation (ADC) Lands Security: Due to the increase in crime activity in the area, ADC could not sustain their current security watch systems. ADC noted that they will still have roving security teams and security cameras to deter crime within the region. The roving security patrol began on Thursday, September 17, 2020.

BOARD BUSINESS

Approval of the August 2020 Regular Meeting Minutes: **Hearing no objections, the approval of the August 2020 Regular Meeting Minutes were deferred.**

Treasurers Report – Chair Ishikawa reported a remaining balance of \$280.63.

PROVIDE COMMENTS TO THE U.S. ARMY'S KU TREE DAM ENVIRONMENTAL ASSESSMENT AND DRAFT FINDING OF NO SIGNIFICANT IMPACT. **HARVEST MOVED and LEARMONT SECONDED the MOTION to send a letter of support to the U.S. Army's Ku Tree Dam Project. The MOTION PASSED BY UNANIMOUS CONSENT, (9-0-0). (Aye: Ishikawa, Manley-Koch, Learmont, Mendelson, Umaki, Loebig, Aweau, Harvest, and Lormand; Nay: None; Abstain: None.)**

PARTICIPATE IN THE WAHIAWA LION'S CLUB "MAHALO VETERANS": Sign-Waving Event on November 11, 2020, in lieu of the Annual Veterans Day Parade. **HARVEST MOVED and LEARMONT SECONDED the MOTION to participate in the Wahiawa Lion's Club "Mahalo Veterans": Sign-Waving Event on November 11, 2020. The MOTION PASSED BY UNANIMOUS CONSENT, (9-0-0). (Aye: Ishikawa, Manley-Koch, Learmont, Mendelson, Umaki, Loebig, Aweau, Harvest, and Lormand; Nay: None; Abstain: None.)**

STATE LEGISLATURE AND CITY COUNCIL MATTERS: **There were no reports at this time.**

WAHIAWA GENERAL HOSPITAL: **There were no reports at this time.**

COMMITTEE REPORTS

EDUCATION – Koch noted that students have been advised to prepare for an upcoming return to on-campus classes but stated that this process will be done on a district by district basis.

MILITARY – **There were no reports at this time.**

TRANSPORTATION/OMPO – **There were no reports at this time.**

WATER – **There were no reports at this time.**

HAWAIIAN AFFAIRS – Harvest reported a ZOOM meeting that listed the charities that could assist them: Aloha United Way, Catholic Charities of Hawai'i, Office of Hawaiian Affairs (OHA), the Native Hawaiian Council, OneOahu.org. Harvest asked for residents and families to take care of one another and be aware of mental health concerns. Harvest noted that there were mental health, depression handouts available for residents at the meeting.

Hearing no objections, Chair Ishikawa returned to Agenda Item: United States Navy.

United States Navy: Flint was present; the following report was given:

- Rim of the Pacific Exercises (RIMPAC): Flint noted that RIMPAC just concluded and stated that 10 nations participated in the exercise. Flint noted that this was the first RIMPAC to be held entirely at sea due to COVID-19.
- Red Hill Fuel Storage System: Flint noted that the Red Hill Fuel Storage System has no leaks, no breaks, and the water is clean and safe. Flint stated that the Navy plans to keep it this way.

Questions, comments, and concerns followed:

1. Sign Waving Concerns: Fanene asked about lanes being closed during the sign waving and asked if there would be any parking blocked during the event. Ahlo is unsure if there will be any lanes or parking spots blocked by the event.
2. Parking Concern: Sanchez asked about parking at Wahiawa regional churches and asked why residents have received citations from HPD.

3. Low-Flying Helicopters: A resident noted concerns about low-flying helicopters and Lormand noted that this was a HPD helicopter looking for criminals.
4. Volunteering Opportunities: A resident asked is there are any programs for residents to volunteer at within the community. Chair Ishikawa noted that the military is also attempting to assist within the community. The resident asked and Chair Ishikawa noted that the main group would become the point of contact for the project.
5. Wahiawa Pedestrian Bridge: A resident asked if any stakeholders were present to speak about the proposed Wahiawa Pedestrian Bridge. Chair Ishikawa noted that Board's previous position to oppose the bridge unanimously. The resident asked and Chair Ishikawa noted that it is under State jurisdiction. Harvest asked if there is collaboration on building maintenance between the State and City and County of Honolulu. Chair Ishikawa that she is unsure but noted that the Board are representatives that could reach out to both the State and City and County of Honolulu with concerns.

ANNOUNCEMENTS

- A. Board Meetings: The next Wahiawa-Whitmore Village Neighborhood Board #26 Regular Meeting is tentatively scheduled for Monday, October 19, 2020. Please check the Neighborhood Commission Office website for meeting details.
- B. People's Open Market: Tuesdays, 10:00 a.m. to 11:00 a.m., Wahiawa District Park. (Note: People's Open Mark is temporarily being held in the parking lot by the swimming pool while the construction project takes place at the gym and lower parking lot area.
- C. Food Truck Events: (*Check in advance for current status)
 - 2nd Fridays: Food trucks at Leilehua High School, 4:00 p.m. to 8:00 p.m.
 - Wahiawa Hongwanji: Thursdays from 4:00 p.m. to 6:30 p.m.
- D. Entertainment: (*Check in advance for current status)
 - Last Fridays at Leilehua Golf Course: Local artists perform at 6:00 p.m.
- E. Information Contacts:
 - City Streets Pothole Hotline: #768.7777
 - State Streets Pothole Hotline: #536.7852
 - HART Maintained Roads Pothole Hotline: #566.2299
 - City's Refuse Inspector Office #768.5220.
 - Schofield Noise Complaints: #656.3487 (email: usaghi.comrel@gmail.com)

ADJOURNMENT – Chair Ishikawa adjourned the meeting at 9:23 p.m.
